

## Friends with Benefits

The door bell rang. There she was, standing, holding her bag of *naughty's* in front of her; or at least that was what *he* imagined.....

“What’s in the bag?” he was hoping a new toy!

“Oh, just a few outfits you told me to bring for the shoot.”

“Cool, you can try them on in my bedroom.”

As she was trying on her outfits, he envisioned himself over the bed, butt naked, as she whipped him, bare breasted, totally topless.

“So you almost done in there?”

“Yea, bra on or bra off?”

His ears perked up! Could his fantasy become a reality? He stuttered to say the words, and without even thinking *bra off* came out of his mouth.

“Ok, be another minute.”

As he looked down to set his camera he notices someone else was having the same fantasy. “Now what?” he doesn’t know what to do, this is his close friend, even though he is attracted to her, he never wanted to make her feel uncomfortable. Standing behind the table, his close braless, curvy feminine friend walks out in to the living room.

“So how do I look? Do I need to open the blouse more?”

“Yea, show me more of your breasts.”

He tries to be professional but his bulge keeps growing, as her boobs keep showing!

“What’s going on, are you going to take the pictures or what? My breasts have been swelling, don’t they look swollen?”

He couldn’t say anything; he didn’t want to ruin their friendship; he didn’t want to ever make her feel uncomfortable. But wait, if they were that close of friends, then she would find it a compliment showing the erection she was causing, wouldn’t she? As he attempts to walk out from behind the table his *friend* wasn’t being very agreeable.

“Let me get the camera.”

The pictures begin to be snapped. With every snap, another growth. He contemplates in his head; *she must see what’s happening*. Continuing with the snapping of pictures, he

asks her to adjust her shirt to get more of her full, natural 36D's in the pictures. Sweat begins to form on his forehead and brow.

“Are you alright?” she asks.

Nothing is said but gives a nod and continues snapping. He thought asking her to pose for him would have been easy, with the long friendship they shared.

“How do you feel about a topless pic?” (*Wait, where did that question come from?*)

“I'm comfortable with it if you are.”

She begins to take her shirt off and expose her full breasts. Is his fantasy becoming a reality?

“Ok, cover the nipple and hold them in your hands.”

They were too big for her hands! Where has this friendship gone to? Could it be pushed a little more? With this push, out came the erection!

“I had to show what you are doing to me, this is insane!!!”

“That's cool, give me the camera. Now it's your turn, smile; (*she laughs*) oh you already are.”

*He was confused.*

What was going here? Ruining the friendship by showing his penis; not even close! Now the roles were reversed and she's taking pics of him? topless! Ooooohhh topless, he has an idea....

“Hey, see that belt, grab it and follow me.”
